STATE CENTER
COMMUNITY COLLEGE DISTRICT

The Foundation is a private, non-profit 501 (c)(3) organization that is designated to receive gifts to any division of the District from private sources such as individuals, foundations, and corporations.

Welcome Message from the President and Chancellor

Dear Friends of the Foundation,

It is with leadership and support from the Foundation Board, generous community supporters, the District administration, and the Board of Trustees that we continue to reach our goals of making students' dreams come true. State Center Community College Foundation raises funds for scholarships, for campus needs not

supported by normal budgetary funds, and for educational enhancements through our Mini-Grant program.

Our Foundation's mission is to not only directly help students with their educational expenses, but to help our District by providing assistance to improve the overall educational experience at our colleges and centers.

We encourage you to review this year's Foundation Annual Report. You will find a snapshot of our Foundation's progress and stories about the people our donors help. We are grateful to each and every person for all they do on behalf of State Center Community College District, and the impact they make in the lives of many college students' future and the future of our communities.

Sincerest regards,

Gina Cuttone, *President*

State Center Community College Foundation

State Center Community College Foundation Annual Report Chancellor's Message

State Center Community College Foundation (the Foundation) has completed a very successful year that witnessed a transition in its leadership. We welcomed Rico Guerrero as our new executive director in addition to new members on the Foundation Board and the executive team. I truly appreciate all of the hard work that has been done by

the committees as well as the direction given by the Board.

The Foundation has come a long way since its inception in the 1987-1988 academic year when I served as chancellor of State Center Community College District (SCCCD). Providing our students with scholarships and our instructors with Mini-Grants has been invaluable. Board members have done an exceptional job providing for our students and are most appreciated.

SCCCD achieved a number of remarkable successes this year. This report identifies many of our most notable achievements and the outstanding people who made them possible.

The District opened its third college, Clovis Community College. This was a six-year process, but well worth the wait. We are serving many more students as a result of this undertaking. We have seen a significant growth in Madera and in few more years we expect it to also move from a center to a full college.

SCCCD received its largest donation from the McClarty family who gave one million dollars for the Reedley College Center for Fine and Performing Arts. The college is aggressively raising money to complete this much needed project which will benefit the students and our communities.

While this is an annual report, it will be my last as interim chancellor of State Center Community College District. I cannot begin to thank all of the people within SCCC and those I have been lucky enough to work with in the community. Your passion, support, and generosity have made a huge impact on our District and you are truly appreciated.

State Center Community College District has a rich tradition built on excellence and student success. It has been a great honor to come back and serve this District. I look forward to watching SCCC continue to move forward to help bring positive change to our communities. Thank you for your contributions because they make a huge difference. You make higher education possible for many who would otherwise not have been able to afford it. I thank you for your generosity!

Dr. Bill F. Stewart, *Interim Chancellor,*
State Center Community College District

Gus Bonner: State Center Community College Foundation Board Member and Past President

Gus and Greti Bonner

Gus Bonner has been an avid supporter of education and community outreach for many years. He's been a Board member of the Foundation since 2004, and served as president from February 2011 to June 30, 2012. Gus has supported various local organizations along the way such as Community Food Bank, United Way, Ag One Foundation at Fresno State, and the Fresno Philharmonic.

A philanthropic family man from the start, Gus served as president of the Bonner Family Foundation from 1984 to 2004. Growing up working for his family's raisin packing business, he had the opportunity to meet people from different walks of life and learned the value of individuality and variety, as well as the struggle of today's demanding workforce. A farmer at heart, Gus believes in advocating for people of all different trades, and that each person has a great need to access higher education to open avenues to the future.

Gus and his wife, Greti, have contributed funds through the Foundation for a wide range of scholarships including their own Gus and Greti Bonner Scholarship. They have also contributed to the Renaissance Feast for Scholars, the Chancellor's Circle, and the OAB Capital Campaign. Gus has continually carried on the spirit of his family's generosity in education and in the local community. In 2007, he was selected as the Outstanding Volunteer Fundraiser for the Association of Fundraising Professional, California Valley Chapter.

The vitality of education is what keeps Gus' momentum growing in support of State Center Community College Foundation. He explains, "It's a great feeling to help someone achieve their dreams of higher education." Many thanks to Gus and Greti Bonner whose generosity and compassion for helping students are shaping the mission and goals of our Foundation.

2015 Renaissance Feast for Scholars

The Queen Sails the Seven Seas

The Renaissance Feast for Scholars is State Center Community College Foundation's major annual fundraiser. Money from this event supports student scholarships and helps enhance the quality of education throughout our District.

The Feast was held on March 28, 2015, and celebrated the 11th year of festivities and travels for the Queen of England.

The amount of funds raised at this event totaled \$120,000. The 2015 Feast found the Queen in the company of pirates and sailing the Seven Seas. Her guests, many dressed in pirate garb, celebrated with luscious wines and a feast fit for a queen. The pirates will return the Queen to England for the 2016 Renaissance Feast for Scholars to be held on March 5, 2016.

SCCCD Trustee Ronald Nishinaka and Lucy Ruiz, Executive Director for Public and Legislative Relations, at the Renaissance Feast for Scholars 2015

Please join the Queen as she returns to Jolly Olde England at the Renaissance Feast for Scholars on Saturday, March 5, 2016. For more information, contact the Foundation office at 559-324-6484.

Michael Yoshikami (fourth from right), President and CEO of Destination Wealth Management (DWM), was the Renaissance Feast for Scholars Presenting Feast Sponsor

Chancellor's Circle

Chancellor's Circle is an annual membership society for donors who are interested in supporting the colleges and centers of State Center Community College District. The annual \$1,000 membership fee supports the needs of the District and its students. A special Chancellor's Circle Scholarship is also supported by the membership fees and is awarded annually to a deserving student.

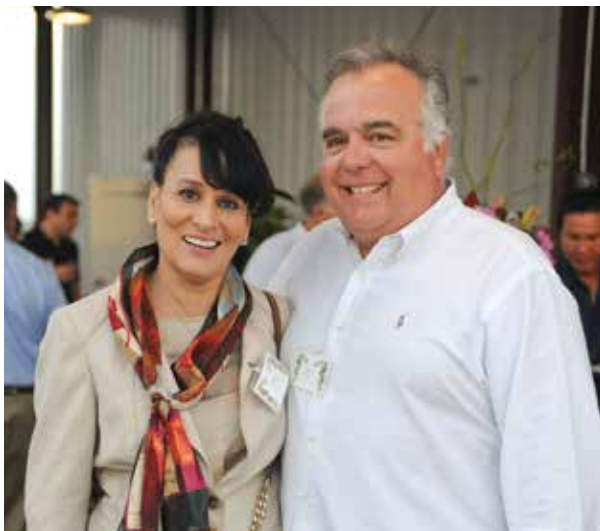

Chancellor's Circle membership includes three campus visits per year that showcase innovative programs at the featured college or center. These opportunities allow Chancellor's Circle members to

Tom and Cynthia Downing at Chancellor's Circle Dinner 2014

meet with faculty and administrators, as well as to observe and speak with students about their educational goals. Members also receive a free parking pass and admittance to certain campus theatre and athletic events.

A special dinner is held each year to express our appreciation to the Chancellor's Circle members. The 2014 Chancellor's Circle Dinner was hosted by Foundation Board Member Bob Bagdasarian and his wife, Debra, at their new winery in Sanger, the Kings River Winery. "An Evening to Wine and Dine with Friends" provided a gourmet meal, and guests were welcomed to taste some of Bob's specially-developed wines.

Troy and Gina Collins at Chancellor Circle Dinner 2014

To become a member of Chancellor's Circle and learn what is happening at State Center Community College District, please contact the Foundation office at 559-324-6484.

Chancellor's Circle Member List

The following list reflects Chancellor's Circle members from July 1, 2014 through June 30, 2015.

Business Membership

Monisha Adnani – PMSM Architects
Consuelo Alvarado – The Alvarado Group

Madera Community College Center

Sending Students on the Right Path

The Madera Community College Center needed a place for students to connect with tools and people who could help them make difficult decisions regarding their current and post-community college education. With all the choices, challenges, and expectations, many students just don't know where to begin making decisions regarding their education future, and many Madera students are first-generation college students. To alleviate this confusion, the Madera Career and Transfer Center (CTC) was born.

Madera Counselor Gricelda Spear was selected to run the daily operation of the CTC. The Center provides a place where students can access

Madera Career and Transfer Center - Kirk Piland, Counselor

information and counseling to help them determine their interests and strengths. This data aids students on how to select a major toward achieving their career goal. The Career and Transfer Center provides workshops on how to build a resume or the ability to meet with college representatives regarding application procedures and transfer requirements.

Foundation Board President Gina Cuttone (2015-2016) and Foundation Board Treasurer Chris Morse and his wife, Michelle, gifted personal funds to begin the development of the CTC. State Center Community College District provided financial assistance and the physical space to build the Center.

Both the Morses and Gina Cuttone saw the need to create a Career and Transfer Center for the Madera students and feel that "education is the key to prosperity."

CTC counselors provide information regarding University transfer requirements for California State University (CSU), University of California (UC), and private colleges and universities. They also assist with course planning, Student Education Planning (SEP), career exploration and counseling, career workshops, job search, resume writing, and UC and CSU application workshops. Additionally, students are able to schedule one-on-one appointments with University Outreach staff from Fresno State, UC Merced and Fresno Pacific University.

Madera Career and Transfer Center students researching information on selecting a major or requirements for transferring to a four-year college or university

Edwin K. Martin Family Foundation

The River Rangers Program at Reedley College

Edwin K. "Ted" Martin, a generous philanthropist in our Valley, was an avid fisherman. His vision was to protect and improve the Kings River and San Joaquin River to bring back "world-class" trout fishing. Ted passed away in March 2013, and his aspirations were always to follow his dream of returning the power and magnificence of what our local rivers offer.

State Center Community College Foundation, on behalf of Reedley College, acquired funds from the Edwin K. Martin Family Foundation, an account held by the Central Valley Community Foundation, in the amount of \$200,000 to be endowed in support of the Reedley College River Rangers Program. An additional \$25,000 was contributed from a private Martin Family Foundation held by Kathy Miranda, daughter of the late Ted Martin, to be used to start the River Rangers Program immediately as funds for the endowment accrue. Kathy also arranged to have \$200,000 contributed from the private Martin Family Foundation toward repairs of the portion of the Kings River that flows through the Reedley College campus.

(left to right) Dr. Bill Stewart, Chancellor; Gina Cuttone, Foundation President; Kathy Miranda; Rico Guerrero, Foundation Executive Director

Instructor Kent Kinney and River Ranger Mike Bandy doing repairs along the Kings River that runs through Reedley College

The River Rangers Program educates and provides hands-on experience in the restoration and preservation of the riparian vegetation and natural wildlife habitat along the banks of the Kings River. The program is offered to Reedley College students through the forestry and natural resources department. River Rangers earn wages while performing and learning mechanical chipping, tree and log skidding, and chemical herbicide application.

Funds used to start the endowment will ensure that the River Rangers Program continues in perpetuity. The education and skills gained benefit the students, campus, and community. A win-win-win situation! Students in the River Rangers Program are being groomed to develop careers in ecology and conservation.

May Ted Martin's wishes that the mighty Kings River return to its full glory continue! Our River Rangers are playing a vital part in this epic process. "The River is the heart blood of our Valley and the people of the Valley," according to Kathy Miranda; "It provides recreation, water for irrigation, and it enlivens the land."

Heritage Society

The Heritage Society consists of a group of individuals who have committed major resources to the future strength and viability of State Center Community College Foundation. This group includes anyone who has chosen the Foundation in his or her estate either through a will, trust, or a charitable remainder trust. This can also include individuals who have made arrangements, while still living, from which they are currently receiving benefits of taxation consideration or income, but from which the charity is receiving or will receive a future benefit.

Endowments are structured to provide income for an unlimited period of time. The Heritage Society includes major donors who have helped build the future stability of our District and Foundation by contributing to an endowed scholarship, helping to construct a building, or funding a program in the amount of \$10,000 or more.

We extend a special appreciation to our Heritage Society members listed here as of June 30, 2015.

To find out how you could become a Heritage Society member, please contact Rico Guerrero, Foundation Executive Director, at 559-324-6484.

The Legacy of Photographer Hanna S. Barsam

Hanna S. Barsam turned his passion for photography into a life-long career. Known throughout the Central Valley, Mr. Barsam was a local photographer whose artistry was considered innovative and avant-garde. Hanna Barsam Photography was his life until age 83. Mr. Barsam passed away in 2013.

Ed Darden of Darden Architects first hired Hanna S. Barsam on a temporary basis and after seeing his first photos of architectural drawings knew he had hired somebody special. Ed Darden, an architectural designer, and Hanna S. Barsam bonded as associates in appreciation of each other's innovative talents.

Mr. Darden, a generous supporter of State Center Community College District, became the executor of Hanna S. Barsam's will. It seemed imminent that his legacy be used to promote the art of photography.

Mr. Darden chose the Fresno City College photography department as a major recipient of Mr. Barsam's bequest. State Center Community College Foundation, who receives and manages gifts on behalf of Fresno

(left to right) Photography Instructor Thom Halls; Ashley Duke, 2015 Hanna S. Barsam Scholarship recipient; and Ed Darden, executor of the Barsam Estate

Hanna S. Barsam

City College (FCC), worked with the FCC photography department and Ed Darden to best determine how funds from the Barsam gift should be used.

Thoughts became reality when the Hanna S. Barsam Award for Excellence in Photography was created. This exceptional Award was established as an endowment guaranteed to be awarded to one student each year in perpetuity who shows exceptional skills and talent in photography.

The Barsam gift also created matching funds opportunities that allowed State Center Community College Foundation to leverage the gift to secure additional dollars. Barsam funds were matched by State Center Community College Foundation to install modern lighting in Old Administration Building room 251. This project created another venue to display the photography of FCC students and the photography of Mr. Barsam. Discussion on ways to enhance and improve the photography program at Fresno City College are under consideration with Mr. Darden.

The Barsam legacy provided Ed Darden with the tools to create his vision of merging a lasting tribute to Hanna S. Barsam with the development of the Fresno City College photography department. We thank you, Mr. Darden, for your foresight in selecting Fresno City College to serve as a memorial in honor of Mr. Barsam while promoting quality learning opportunities for our students.

The Legacy of President Tony Cantú

Tony Cantú was the 10th president of Fresno City College and is remembered as an extremely generous person who was dedicated to his students and community. He had over 27 years of administrative and teaching experience at State Center Community College District and was a graduate of Fresno State. Mr. Cantú passed away unexpectedly on April 5, 2015, and to honor him and his spirit of generosity, the Tony Cantú President's Medallion Scholarship was created and endowed with \$40,000 through the State Center Community College Foundation to support the academic goals of the District's top-performing students.

Fresno City College Vice President of Administration Cheryl Sullivan (*pictured right*) played a critical role in extending Tony's legacy by creating opportunities for the community to donate to the President's Medallion endowment. She was awarded the Outstanding

Staff Fundraiser of the Year Award from the Foundation for her fundraising support of the Tony Cantú scholarships. She organized an ice cream social and inspired further fundraising efforts such as the poetry jam hosted by FCC Instructor Lee Herrick. Sullivan also helped make payroll deductions available so that employees could give in Tony's memory. Sullivan shares the late president's passion for education and says of her fundraising efforts, "Creating opportunities can make all the difference in peoples' lives. It really is about enriching our students."

President Cantú also left behind the Outstanding Performance in Music Scholarship which he funded personally and which Sullivan and Fresno City College now hope to endow. This award grants one \$500 scholarship at the end of the spring semester to a current full-time student majoring in music. This scholarship is a reflection of both Tony's passion for the arts and his commitment to education. He also supported Chancellor's Circle, Renaissance Feast for Scholars, athletic programs, music and arts, and student clubs and programs. Tony cared greatly for his students and passed on the responsibility of supporting others in their pursuit of education to them, as well as the calling to give back to the Fresno community.

Contributions to the Tony Cantú Outstanding Performance in Music Scholarship are cordially welcomed. Please contact the Foundation office at 559-324-6484 to make your contribution.

Educational Employees Credit Union

Smarter Banking and Brighter Futures

From its humble beginnings more than 81 years ago, Educational Employees Credit Union is now the largest credit union based in the central San Joaquin Valley. Built upon its commitment and dedication to our Valley, EECU has thrived since the late 1940s when the credit union took up residence in donated space in an office at Fresno Junior College (which was later renamed Fresno City College).

As an education-based credit union, EECU is committed to doing its part to offer an array of educational opportunities for the students attending a college or center of State Center Community College District. Education is vital to our economy's well-being and the stability of our communities. EECU understands our educational needs by contributing to the Renaissance Feast for Scholars, Chancellor's Circle, and several scholarships at Clovis Community College, Fresno City College, Reedley College, and the Madera and Oakhurst Community College Centers.

The credit union also donated \$400,000 toward the renovation of Fresno City College's Old Administration Building. EECU sponsors and participates in many campus events and programs throughout our District such as AsianFest, Spring Extravaganza, Oktoberfest, and the STEM

program (a program that encourages students to pursue careers in science, technology, engineering and math).

Most importantly, State Center Community College Foundation is forever grateful to Educational Employees Credit Union for their longtime sponsorship of our Foundation's Annual Reports.

**Thank You EECU,
For All Your Support!**
